This map shows the main route from Havlíčkův Brod to Přibyslav. It includes major roads like 344, 345, 346, 34, 38, 19, and 351. Key locations marked include Sedletín, Knyk, Rozsochatec, Česká Bělá, Stříbrné Hory, Dlouhá Ves, and Přibyslav. The map is overlaid with numerous traffic signs: red circles with diagonal lines for closures, blue rectangles for detours, and orange arrows indicating the direction of traffic flow. Specific labels like 'IP 22', 'IS 11b', 'B 4', 'E 13', and 'A 15' are placed along the route. A blue line indicates the 'OBJÍZDNÁ TRASA BUS' (bus detour route).

This detailed map focuses on the Dobkov area. It shows the intersection of roads 345 and 346. Key features include the 'Letiště Chotěboř (LKCT)' (Chotěboř Airport) and 'Fiedlerův kopec 615'. The map displays several road closure signs (red circles with diagonal lines) and detour signs (blue rectangles). Labels such as 'IP 10a', 'A 15', 'B 20a', 'B 1', 'S 7', 'E 13', and 'Z 2' are visible. A red line indicates a specific route or boundary.

This detailed map shows the Chotěboř area. It includes roads like 344, 346, and 34. Key locations marked are 'Havlíčkův Brod', 'Chotěboř', and 'Česká Bělá'. The map features several 'POZOR' (Warning) signs and detour signs. Labels include 'IP 22', 'IS 11b', 'IS 11a', 'IP 10a', 'B 1', 'E 3a', and '(2,3km)'. A red line indicates a specific route or boundary.

This detailed map focuses on the Česká Bělá area. It shows roads like 34, 351, and 346. Key locations marked are 'Samotín', 'Březina', and 'Boudův Mlýn'. The map displays several road closure signs (red circles with diagonal lines) and detour signs (blue rectangles). Labels include 'IP 22', 'IP 10a', 'B 1', 'E 3a', 'B 4', 'E 13', 'IS 11b', and '(4,3km)'. A red line indicates a specific route or boundary.
